User Stories

"A" key:

• As a Developer, I want players to be able to use letter keys to play the game

• As a Player, I want to able to control my character with the letter key.

• As a Player, I want to able to play the game without it crashing and lose all my progress.

Theme:

• As a Developer, I want players to be entertained while playing the game.

• As a Player, I want to understand the game I am playing.

• As a Player, I want to be entertained and engaged while playing the game.
